ENTERTAINMENT

Perhaps you are considering a "theme" wedding! Some popular choices are Medieval, Romeo and Juliet, Tropical, Garden Party or anything you can imagine! We will decorate your venue in a romantic, traditional, modern or trendy style, whatever works for your personal taste and interests. Linens and florals can be incorporated to put together the total look that you want. We would be pleased to make suggestions along with pricing information.

Our professional floral designers are available to customize all the wedding flowers you may require from table centrepieces to chapel and venue décor. Table centrepieces can be as simple as a few flowers in a vase to a beautiful centrepiece on a high stand so as not to block the view of the guests seated at the table. Head table and back drop florals are also available.

Our creative wedding cake baker can design for you the wedding cake of your dreams! Whether a traditional tiered fantasy with butter cream or something fun, funky and reflective of your personal style, we use the very freshest and best quality ingredients for a cake that tastes as delicious as it looks. Please let us know what you have in mind and we would be happy to price it out for you.

Whether you want the sophistication and elegance of live music, a trio or quartet for mood and dance music, or a lively and exciting interactive DJ, we have many wonderful entertainers that we work with to help add to the magic and romance of your special day!
